Re: LeAnn Weber, Letter of Recommendation

To Whom it May Concern,

It has been a privilege to meet and get to know LeAnn Weber. For practicum, Ms. Weber spent 80 hours in my third-grade classroom from September 2019 through November of 2019. During that time, Ms. Weber observed, participated, and worked with small groups of students. Ms. Weber is extremely approachable and well-liked by the students. They looked forward to working with her, and several students relied on her for one-on-one support. Ms. Weber was always dressed professionally and is well spoken. She has a great understanding of the curriculum and how to deliver it to the students. Ms. Weber is also motivated to try new ideas.

I would recommend Ms. Weber as an elementary school teacher and know that she will put forth her best effort in all that she does.

Sincerely,

Suzanne Bland
