To Whom It May Concern,

It is my pleasure to recommend LeAnn Weber for your district's next hire. This semester I am witnessing her successful actions within Student Teaching and edTPA submission. This experience, along with her work from my Practices & Techniques/Clinical Practice I course last year, has showcased LeAnn's compassion for students and her will to make a difference in the world.

LeAnn continues to demonstrate her ability to connect content knowledge with effective pedagogical strategies. Within her placement, she has looked to establish routine while still differentiating instruction and implementing various modalities. LeAnn has worked hard to build a strong rapport with her students, identifying the balance between nurturer and disciplinarian. She is commended on her patience and willingness to vary her approach. LeAnn has also demonstrated strengths within organization, integration of technology, and higher order questioning techniques. She is receptive to constructive criticism and is eager to perfect her craft. While already effective, I have no doubt that she will continue to grow through her unquenchable desire to reach all learners.

I have no doubt that LeAnn will be an asset to whichever district is lucky enough to hire her. Her blend of determination, perseverance, and genuine compassion is what every administrator searches for when filling a position. If I can speak further about LeAnn's noteworthy qualities, please feel free to contact me.

Sincerely,

Stacey R. Culleny
